Radiation Protection Consultancy Contract

Valid from 11-11-2026 to 10-11-2029

Dear Sir/Madam

Welcome to your new Radiation Protection Consultancy Contract. Our service, which includes access to your online Radiation Protection File, is designed to guide you through the requirements of the Ionising Radiations Regulations 2017 [IRR17] and the Ionising Radiation (Medical Exposure) Regulations 2017 [IR(ME)R17] for England, Scotland and Wales. For Northern Ireland, it is the Ionising Radiations Regulations (Northern Ireland) 2017 [IRR(NI)17] and the Ionising Radiation (Medical Exposure) Regulations (Northern Ireland) 2018 [IR(ME)R(NI)18].

This contract will help you demonstrate compliance with the above legislation, keep you up to date with any changes in regulations and provide you with access to our in-house Radiation Protection Advisers (RPA) and Medical Physics Experts (MPE), Neil Pick and Jonathan Stubbs.

Tutorial videos on how to complete your online Radiation Protection File can be found in Section 8 'Useful Information'.

If you have a radiation related technical query, contact your RPA/MPE for assistance by telephone or email:
Tel: 0800 028 1697 (option 4 then 3) or email: rps@ddgroup.com.

If you have a query regarding your radiation protection contract, please contact Tel: 0800 028 1697 (option 4 then 1) or email sales@ddgroup.com.

Please review and keep all information in relation to your contract.

We would like to thank you for choosing Dental Directory for your Radiation Protection Consultancy Contract.

Yours faithfully,

Donna Hickey
Director of Dental Repairs, Training & Compliance
For and on behalf of Dental Directory

IMPORTANT INFORMATION REGARDING YOUR RADIATION PROTECTION CONSULTANCY CONTRACT

Emergencies
For advice in an emergency, please contact Dental Directory on 0800 028 1697 (option 4 then 3) or email: rps@ddgroup.com.

Radiation Protection File
Your Radiation Protection File contains an online risk assessment and modules, which include risk assessment, local rules, a quality assurance programme, personnel register, training records and an equipment inventory. This is provided free of charge as part of the Radiation Protection Consultancy Contract.

Information on how to access your Radiation Protection File can be found in the email from Dental Directory that this contract letter was attached to. If you need assistance with sign in details or completing your file, please contact our support team.

Legal advice
IRR17/IRR(NI)17 states that you must consult with an RPA in respect to your work with ionising radiation, e.g. x-rays. IR(ME)R17/IR(ME)R(NI)18 states that you must appoint an MPE. The RPA/MPE will be appointed in writing upon receipt of your contract payment, and this can be found within the online Radiation Protection file. We recommend that, for your own records, any contact with and from your RPA/MPE is in writing so that you have documented evidence of the questions asked and the advice received. Please email: rps@ddgroup.com or contact the support team if you have any queries.

Prior assessment of plans for new practices, surgeries, x-ray rooms or refurbishments
Any radiation protection advice required for new installations of x-ray equipment must be done in consultation with your RPA. Please contact your RPA at the very earliest stage of your installation, as a full room design plan will be required. The RPA will then respond directly to you within a maximum period of 4 weeks as part of their quality control management – see information below regarding timescales for issuing advice and/or reports.

Timescales for issuing advice and/or reports

General

Issue of routine survey reports following x-ray equipment testing:	Up to 4 weeks
Responding to general, non-urgent RPA/MPE enquiries:	Up to 4 weeks
Issue of critical examination and acceptance test reports:	Up to 2 weeks
Express service for advice and/or prior assessment of plans:	Up to 1 week

Fast Track

The issuing of urgent advice/report (£79 charge*):	Up to 72 hours

*Price excludes VAT

Please Note: The length of your Radiation Protection Contract is stated on your cover letter. If the contract is taken at the Dental Directory member rate, this is based on the contract holder maintaining a current and valid membership for the duration of the contract. If membership is cancelled, Dental Directory reserves the right to invoice for the remainder of the Radiation Protection Contract at the non-member rate. Please be advised that this contract is non-refundable.
